

4014 \$5 Wrapped in Cash

How to play

GAME 1: Scratch the game panel. Find the exact same dollar value three times in the game panel to win that dollar value.

GAME 2: Scratch the game panel. Find the exact same symbol three times in the game panel to win the corresponding prize shown for that game panel.

GAME 3: Scratch the game panel. Reveal a 'CAKE' symbol to win \$30.

GAME 4: Scratch the game panel. Find the exact same number three times in the game panel to win the corresponding prize shown for that game panel.

GAME 5: Scratch the game panel. Find:

3 x the word 'CHEER' = \$10

3 x the word 'DANCE' = \$15

3 x the word 'GIFT' = \$50

A total of eight complete horizontally written words appear in the game panel. Parts of those words or individual letters in those words cannot be separated or used to claim a prize

The highest amount that can be won on this ticket is \$200,000.
